

Robert Sidbury, MD, MPH

Professor, Department of Pediatrics

Chief of Dermatology, Seattle Children's Hospital

Clinical Adjunct, Division of Dermatology, Department of Medicine

Seattle Children's Hospital

Seattle, Washington, USA

Robert Sidbury, MD, MPH, received his undergraduate and medical degrees from Duke University and his master's degree in public health from Harvard. He completed his internship and residency at the University of California San Francisco and the Oregon Health and Science University, and fellowships at Northwestern University and Harvard. He has held faculty positions at Harvard Medical School and the University of Washington School of Medicine where he is currently Professor in the Department of Pediatrics and Chief of the Division of Dermatology. His clinical and research interests include atopic dermatitis, vascular tumors of infancy, vitamin D, and pediatric health services. He spends most of his time outside of work playing with his thirteen-year-old daughter Claire.
