Toronto, Ontario, Canada

Dr. Aaron Drucker is an Assistant Professor and clinician scientist at the University of Toronto and Women's College Hospital in Toronto, Canada. He completed his medical school at Queen's University, dermatology residency at the University of Toronto and master's degree and research fellowship at Brown University. His work focuses on the epidemiology and evidence-based treatment of skin disease, including atopic dermatitis. He co-leads a living network meta-analysis of systemic treatments for atopic dermatitis that is hosted at www.eczematherapies.com/research.
