

Anna Fishbein, MD, MS

Associate Professor of Pediatrics, Division of Allergy & Immunology

Ann & Robert H. Lurie Children's Hospital/Northwestern University Feinberg School of Medicine

Chicago, Illinois, USA

Dr. Fishbein is Associate Professor of Pediatrics in the Division of Allergy & Immunology at Ann & Robert H. Lurie Children's Hospital/Northwestern University Feinberg School of Medicine. She completed her undergraduate degree at Washington University in St. Louis and medical degree at the University of Chicago Pritzker School of Medicine. Her post graduate medical training was at Lurie Children's/ Northwestern University for both Pediatric residency and Allergy/Immunology Fellowship. This was complemented by a Master of Science in Clinical Investigation she completed at Northwestern during her fellowship training. Dr. Fishbein's research and clinical focus is on atopic dermatitis (eczema). Her laboratory studies circadian mechanisms of nocturnal eczema flare, as well as the impact of these flares on sleep, attention and quality of life. Her goal is to transform the clinical science of pediatric eczema care.
